**Energy rating** 

**Potential** 

### Properties can be let if they have an energy rating from A to E.

You can read guidance for landlords on the regulations and exemptions.

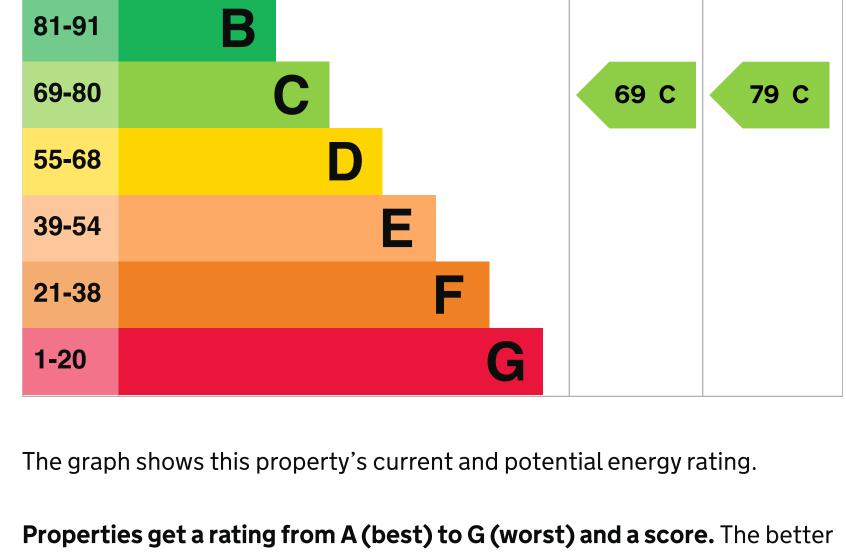

### See how to improve this property's energy efficiency.

**Energy rating and score** 

Score **Energy rating** Current

This property's energy rating is C. It has the potential to be C.

92+

For properties in England and Wales:

the rating and score, the lower your energy bills are likely to be.

 the average energy rating is D • the average energy score is 60

performance

#### Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

#### Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

**Features in this property** 

**Description Rating Feature** Wall Cavity wall, filled cavity Good

Wall Solid brick, as built, insulated (assumed) Good Pitched, insulated (assumed) Average Roof

Window	Fully double glazed	Good
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, room thermostat and TRVs	Good
Hot water	From main system	Good
Lighting	Low energy lighting in all fixed outlets	Very good
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	None	N/A
Primary energy u	se
